This Farm Gate Map will help you discover, locate, and enjoy all of Perth County's incredible agricultural offerings!

## what to expect

Here's an idea of what you can expect at different types of farm gates. It is often a good idea to check online or call ahead of your visit to ensure the farm gate you wish to visit is open.

### Farm Gate Stand

These informal farm gate stands operate on a self-serve, honour system. Pull up to the stand, pick up your items, and deposit money in the container provided. You may or may not see someone operating the stand.

### Farm Gate Store

A more formal store located on a farm with posted operating hours. Note that hours may change seasonally.

### Local Food Shop

Not located on a farm, but a location that sources and sells primarily local food sourced from Perth County farms.

### Home-Based Sales

Sales take place from a personal home on a farm. You may see a sign, but no stand directly at the farm gate.

## know before you go

Keep these tips and tricks in mind before heading out on your next farm gate adventure!

### Sunday sales

Many farm gate operations do not offer sales on Sundays.

### Bring cash

Some farm gate destinations are only able to accept cash as payment.

### Keep it cool

If you're purchasing perishable items such as meat, cheese, or produce, bring a cooler along with you.

### Dress for success

Wear comfortable clothing and shoes appropriate for the terrain and weather conditions. Rubber boots may come in handy if there has been a recent rain.

### Read the signs

For your own safety and in order to maintain biosecurity standards, visit only identified areas. You are visiting a working farm and business – some areas may be off limits.

### Smile!

Take your camera and make sure your phone is charged so you can capture and share your countryside memories!
